ISO 20121 Convoy

Your Way to ISO 20121 – Sustainable Event Management

What is ISO 20121?

ISO 20121 "Event sustainable management systems - Requirements with guidance for use" is one of the few international and industry-specific standards for the introduction of sustainability management applicable to companies and events of all sizes.

ISO 20121 covers ecological, economic and social aspects in terms of sustainability within the company along the entire value chain.

Advantages of an ISO 20121 Certificate

- ✓ Known and recognised worldwide
- ✓ Sustainability certification specifically for our industry
- ✓ Development of a structured management system
- ✓ Trustworthy proof of your sustainability efforts to customers
- ✓ Ideally prepared for legal regulations
- ✓ One step ahead of the competition
- ✓ Meeting the increasing requirements of state institutions and financial institutions
- ✓ Strong basis to complement other (ISO) certifications

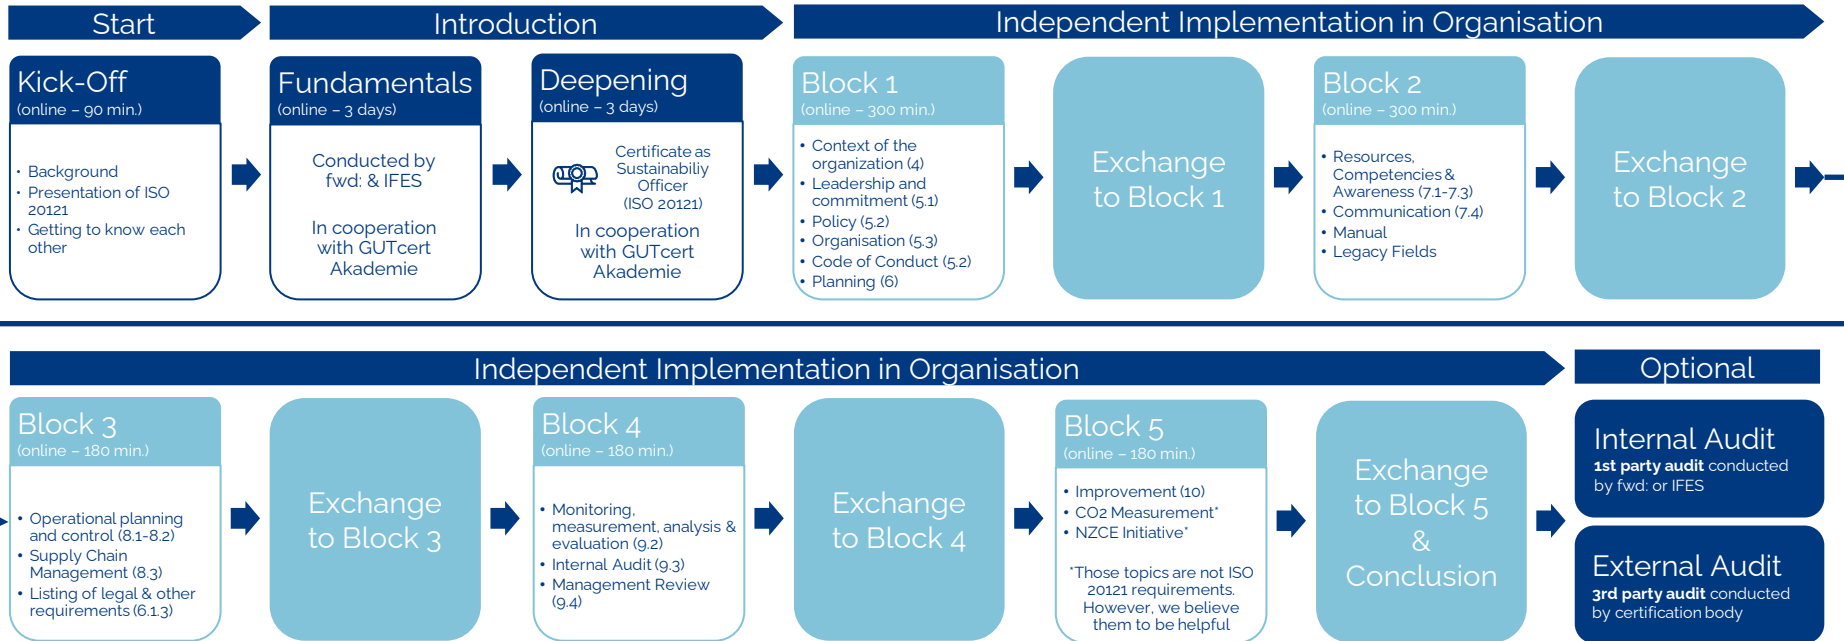

Why as Part of our Convoy?

- ✓ Includes basic & advanced training modules in elaborated in cooperation with GUTcert and offering the certificate "Representative for sustainable event management according to ISO 20121"
- ✓ Get to know the ISO 20121 standard in its entirety and with all its requirements
- ✓ Structured framework with five information blocks and five exchange blocks based on the chapters in the ISO 20121 standard.
- ✓ Numerous templates and materials
- ✓ Exchange with other companies - learn from, and with, each other on the journey to ISO20121 certification
- ✓ Coordination & support from the IFES and fwd: associations
- ✓ Teams channel as exchange platform for participants.

Prerequisites

- ✓ Willingness to share documents and information
- ✓ Commitment to getting involved in the exchange formats
- ✓ Designated sustainability manager (at least 50% part-time position)
- ✓ Commitment by the top management to redesign processes and implement a sustainable event management system.
- ✓ ISO20121 standard should be available in printed form > Order at [ISO.org](https://www.iso.org)

ISO 20121 Convoy Program

1st, 2nd, and 3rd Party-Audits

First Party Audit (Internal)	Focusses on proofing internal processes to fulfill all applicable requirements
Second Party Audit (Supplier)	Focusses on auditing and additional ISO contractual requirements
Third Party Audit (Certification Body)	Proves the conforming implementation of all ISO 20121 requirements.
